## CA 10141

### IP67 watertight conductivity meter

Chauvin Arnoux is expanding its' product range in the "Electrochemistry" range with the CA10141 conductivity meter.

#### Applications

The CA10141 is an IP67 watertight portable conductivity meter. It's ideal for testing water in industrial or agricultural environments.

#### Ergonomics

The CA10141 is equipped with a fully watertight casing- even when no sensor is connected.

The CA10141 is particularly easy to read thanks to its extra-wide backlit LCD screen.

Storage for up to 30,000 time/ date-stamped measurements which can be recovered and processed using the Data Logger Transfer PC software.
